$2_5_arreglos_de_amplificadores_de_potencia$

Alcantar Diaz Joel Alejandro Ledesma Hernández Miguel Ángel 24/10/2019

Universidad politécnica de la zona metropolitana de Guadalajara Sistemas electrónicos de interfaz 4-A Mecatrónica

Objetivo.

Realizar las simulaciones de los arreglos de los Amplificadores Operacionales.

Materiales.

Computadora con OrCad

Procedimiento. Para la realizacion de los circuitos en esta practica se siguieron los diagramas sugeridos por el maestro y que se presentan a continuacion.
